Beano: Shall the provisions of Chapter 171-A of the Revised Laws relative to playing games of Beano be adopted in this Town? "Yes" had 135 votes and "No" had 56 votes. Therefore "BEANO" was adopted.

The vote on the following Amendments to the Zoning and Building Ordinances for the Town of Chesterfield as proposed by the Planning Board and by Petition for submission to the voters at Town Meeting resulted as follows:

1. Are you in favor of adding to Article 3 Section A, as amended, of the Zoning Ordinances the following: Exception: Upon application, approval may be granted by the Board of Adjustment to its owner for use of a piece of land, containing not less than 20,000 square feet and having a frontage of not less than 100 feet on a public right of way, as the site for construction of a dwelling provided such owner is the same person who owned such land at the time of the adoption of this amendment. Any building lot contained in a subdivision, the plat of which had been approved by the Planning Board prior to the adoption of this Amendment, may also be approved by the Board of Adjustment as the site for the construction of a dwelling. "Yes" had 201 and "No" had 76 votes.

2. Are you in favor of amending Article 4 Section A2 of the Zoning Ordinances by substituting the words 60 x 100 feet for the words 40 x 60 feet. "Yes" had 189 votes and "No" had 93 votes.

3. Are you in favor of Amending Article IV, Section B, of the Zoning Ordinances so that in its amended form it shall read as follows:

B. A single Trailer or Mobile Home may be located anywhere in the Town except in the area specified in Article III, Section D, provided it meets the minimum standards as follows:

1. It shall be located on a lot with a minimum of 20,000 square feet, with 120 foot frontage.

2. It must be placed on a permanent foundation or continuous supporting wall of masonry, masonry units, concrete or other similar materials, extending at least 3 feet below normal ground level.

3. It shall conform to the minimum standards of sanitation as set forth by the New Hampshire State Department of Health.

4. Such Trailers and Homes shall be considered buildings or dwellings within the terms of this ordinance. "Yes" had 199 votes and "No" had 101.

4. Are you in favor of amending Article 1, Section 1 of the Zoning Ordinances, so that in its amended form it shall read as follows:

1. Residential District No. 1, namely all lands to a depth of two hundred fifty feet on each side from the center line of all Paved Public Roads and Highways within the Town of Chesterfield. "Yes" had 164 votes and "No" had 121 votes.

REPORT OF BUILDING INSPECTOR

The year 1969 again shows Chesterfield a growing community. Thirteen permits were granted for new homes; five for trailer foundations; three for summer cottages. There was one motel, one swimming pool and five garages. Thirteen permits were granted for additions or alterations. Two people had to renew permits. We also have court action pending for four on trailer foundation violations.

REPORT OF CHESTERFIELD LIBRARY

Another year of helping people find books to their taste was completed in 1969.

Chesterfield is the second largest user of books from the bookmobile in the Keene District. Without this service we could not serve you as well.

Adults used 3639 books; Children 4290, making a total of 7929. We are open Thursdays from 3 to 8 and hope you will make use of the many books available.

Our thanks go to those people who have given books. There have been many useful additions to our collection.

Respectfully Submitted
Edith Darling
Librarian

REPORT OF THE SCHOOL LUNCH PROGRAM

July 1, 1968 to June 30, 1969

The National School Lunch Program helps to safeguard the health and well being of our nation's children. Wholesome, appetizing lunches are served and are planned to supply a great part of a student's nutritional requirements daily.

The school lunch program helps in promoting nutritional education. The children learn to know and like foods they have never seen or eaten before.

The Hot Lunch Program opened Septembed 9, 1968 with Mrs. Louise Charles as manager and Mrs. Marion Berry as her assistant.

The reimbursement rate from Federal Funds remained at four cents for each Type A meal served to children. Surplus commodities received from the U.S. Government made it possible to maintain the old price of thirty cents for children. Adult meals were raised to forty cents. Under the Special Milk Program our lunch program received a four cent reimbursement for each half-pint of milk served. The children were able to purchase milk at three cents a half-pint.

The hot Lunch Program served between 150 and 210 meals daily. Two hundred and forty-five turkey dinners with all the trimmings were served prior to the Thanksgiving vacation.

Menus continued to be prepared a month in advance and sent home to parents.

Respectfully submitted,
Mrs. Sylvia Thompson, Manager

PRINCIPAL'S REPORT

The 1969-1970 school year began with an enrollment of 302 children. This represents an increase of 14 children over September 1968's enrollment of 288 children. The greatest concentration of pupils, however, is in the lower grades. Should the incoming first grade classes continue to number in the forties, a space problem will definitely occur within the next two or three years. This year's fourth grade is the only grade in the school with fewer than thirty children.

We presently have forty-two children in grade one, forty-seven in grade two, thirty-three in grade three, twenty-eight in grade four, forty-three in grade five, thirty-three in grade six,thirty-five in grade seven, and thirty-nine in grade eight.

We have five new teachers on the staff: Social Studies, grade six, seven, and eight, Mr. Robert Duhaime; grade two, Mrs. Carolyn O'Neill and Miss Priscilla Reardon; grade three, Mrs. Brenda Zarnowski; grade four and five, Mrs. Ruth Hatt; and Mrs. Suh Ling Lee Chang, Music, grade one through eight. Also new to the staff, Mrs. DiAnne Anderson, school nurse; Mrs. Sylvia Thompson, head cook; and Mrs. Patricia Decato, teacher aide.

Our school is a well equipped up to date school. In the past few years we have made every effort to keep pace with educational changes. The curriculum is under constant study and we have attempted to offer the children a modern program. It is due to the constant efforts of the teachers and other educational personnel that we have been able to

offer a balanced, modern program to the children. We are still receiving money from Title I of the Elementary and Secondary Education Act. This money is used to continue to provide a program of individualized instruction in reading for those children in grades two through five who are having difficulty. This program is under the direction of Mrs. Doris Parker.

School maintenance is a very important part of our program. This year, as in the past, we have continued a program to keep the school in good operating condition. Thanks to the able efforts of Mr. Merton Davis, the citizens of Chesterfield can be proud of their school. This year two classrooms were retiled and a new roof was put on the old section of the school. We also added a new table in the cafeteria.

In the last few years the school has been on a program whereby our curriculum has been brought up to date. We have been very successful, but there are still many serious considerations to be faced. We do not have room or facilities to run an adequate physical education program. The library has been adequate, but is rapidly becoming overcrowded. An art program should be a future consideration, as well as a full time remedial reading teacher. A balanced program is being offered to grades seven and eight, but there are several areas that are not being offered. We cannot offer industrial arts, home economics, developmental reading, physical edcation, or guidance. In the area of extracurricular activities we are limited. We cannot offer the children an expanded music program, which would include chorus and band. It is also difficult to provide club activities for the upper grades.

The school library has over 4,000 volumes. Many thanks to the parents who volunteer their time to give the school an effective library program.

I would like to thank the citizens, teachers, and the Board of Education, for their cooperation this year.

Respectifully submitted,
Martin Schiff
Principal

ADMINISTRATIVE REPORT

To the School Board and the Citizens of Chesterfield

Chesterfield is a member of a successful A.R.E.A. high school program. The 1970 warrant contains an article that gives Chesterfield citizens an opportunity to vote to participate with several other districts in a study of the advantages and disadvantages of having a grade 7-12 A.R.-

E.A. We recommend that Chesterfield become a member of this study group.

There are several reasons why a study of a 7 - 12 A.R.E.A. is worthwhile for Chesterfield: One of them is that Chesterfield's participation in a 7 - 12 A.R.E.A. study could solve the perennial question of whether or not there will be a sufficient number of classrooms to take care of the enrollment as of September each year. There is a definite possibility that there will be a need of more than twelve rooms in September, 1971 as is pointed out in the principal's report.

Another article in the warrant gives Chesterfield citizens the opportunity to support the action of th Supervisory Union 29 meeting in voting to have a Supervisory Union Educational Consultant. An organization chart is included in this annual report. The administrators recommend your support of the Supervisory Union action. This is not an additional position, but a realignment of assignments.

Classroom visit reports by the principal and assistant superintendent indicate that we have a good staff who are working hard to give your sons and daughters a good education. We are continually striving to improve by utilizing new educational procedures, materials and acknowledge within the limits of available building facilities.

Textbook additions have included science for grades one and two, books for grades four, five, six, seven, and eight to complete the change in the English program, and Junior High School literature texts and Social Studies texts for grades seven and eight have also been purchased.

A number of minor repairs were accomplished this past year among them was installation of new opaque window shades in the classrooms on the west side of the building, cabinet doors for kitchen cabinets, and window screens for the cafeteria. Major repairs included a new roof on the older part of the building, plus extensive roof repairs on the first building addition. Extensive repairs were found to be necessary on the older boiler. This repair allowed the school to continue in operation. However, a new boiler will have to be installed during the summer months.

New equipment purchased included materials for the science class, a filmstrip projector, a cafeteria table, and a commercial refrigerator for the lunch program. The last two items were the major equipment expnse.

The overall budget increase is approximately eight percent. Major increases occur in the areas of salaries, contracted services and tuition. We feel that the recommended salary increases will enable us to remain competitive and

help us to retain our competent teaching staff. We observe that there is only one member of the present faculty who was teaching in Chesterfield three years ago.

Instructional contracted service increase is necessary if we are to continue to be a member of the Monadnock Children's Special Services Center. We consider the "Center" to be of considerable assistance in solving the problems of a number of our pupils. School board members who serve on the board of directors of the "Center" are high in their praise of the services renderd by this organization.

Tuition increase represents the actual cost in terms of the pupils that are now attending Keene High School and are expected to return and the number of eighth grade pupils planning to go on to high school.

It is interesting to note that tuition would be considrably more if Chesterfield was still following the 1965-66 procedure.

The lunch program personnel provide excellent lunches and should be complimented in this respect and for the speed with which they serve during the lunch period.

An important contribution is made by our custodian, Mr. Davis. Visitors to the building are impressed by the excellent care that is evident. Pupils are also indirectly influenced to better conduct and habits of cleanliness.

The people in the Supervisory Union office wish to express their appreciation and thanks to the citizens, school board, and staff for their cooperation and support during the past year. We look forward to working with you in the future in our mutual endeavor to maintain a good educational process.

STATE OF NEW HAMPSHIRE
SCHOOL WARRANT

To the inhabitants of the School District of the Town of Chesterfield qualified to vote in district affairs:

You are hereby notified to meet in Chesterfield Central Elmentary School in said district on th 7th day of March, 1970, at 10:00 o'clock in the forenoon to act upon the following subjects:

Article 1. To choose all necessary school district officers for the ensuing year. The polls will be open from 10:00 a. m. to 9:00 p. m.

Action on Articles 2 through 8 will begin at 8:00 p. m. o'clock in the afternoon to act upon the following:

Article 2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any votes relating thereto.

Article 3. To see if the district will vote to accept the provisions of Public Law 89-10 (Elementary and Secondary Education Act of 1965), and to appropriate such funds as may be made available to the district under said Federal Act for such particular projects as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

Article 4. To see if the district will vote to authorize the school board to make aplication for and to accept and use in the name of the district such advances, grants in aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency.

Article 5. To see if the district will vote to establish an Authorized Regional Enrollment Area (AREA) School Planning Committee, said committee to consist of three qualified voters of whom at least one shall be a member of the school board, or take any other action relating thereto. *Note*: This District is currently in an AREA arrangement with Keene for grades 9-12. For planning purposes this District should continue discussions with other Districts as to the mutual problems of education, particularly grades 7-8. Approval of this article makes no commitments for this District except to form a committee that will consider the future, meet with such committees from other districts, and report its findings at a future meeting of this District. Appropriate discussion and planning for the future seems essential with pupil enrollment increases

and the evolution of educational change.

Article 6. To see if the District will vote to authorize the employment of a Teacher Consultant for New Hampshire Supervisory Union No. 29 as provided in RSA 186:11 XII and XXIV as amended or take any other action related thereto.

Note: The School Board of New Hampshire Supervisory Union No. 29 (which includes the board members of this district) have voted to reorganize the administrative structure of the Supervisory Union. This reorganizatoon includes the elimination of one Assistant Superintendent of Schools and in place of this position the creation of the position of Consultant. The change is a matter of a reassignment of responsibilities and functions with no change in the actual number of people and with no direct increase in the budget. The item appears in this warrant as dictated by law since official titles and functions will be changing. It is anticipated that the overall reorganization will result in increased efficiency while providing more services to this District, its school board, instructional staff, and students.

Article 7. To see what sum of money the district will vote to raise and appropriate for support of schools, for the payment of salaries for school district officials and agents, and for payment of the statutory obligations of the district.

Article 8. To transact any other business that may legally come before this meeting.

Given under our hands at said Chesterfield this 6th day of February, 1970.

Report of Forest Fire Warden and District Chief

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

FIRE PERMIT

A *fire permit* is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be *prior to 9:00 a m. and after 5:00 p. m.*

EXCEPTIONS

Commercial or Industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds when fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of $200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is $500.00 or one year's imprisonment.
3. For failure to totally extinquish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is $25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.
